

Multi-Stakeholder-Partnership Training Programme for Civil Society

Organizations Offered by ENGAGEMENT GLOBAL - bengo on behalf of the Federal Ministry for Economic Cooperation and Development (BMZ) and carried out by the expert for stakeholder dialogues and collaboration processes: the Collective Leadership Institute (CLI)

The training programme offered here is aimed at civil society actors who are planning or already implementing an MSP project and who meet the eligibility requirements of bengo. The aim is to gain a mutual understanding of the partnership building process and co-develop it further based on the acquired knowledge and skills. The training programme complements the technical and content-related consultation provided by the bengo team with the following training formats:

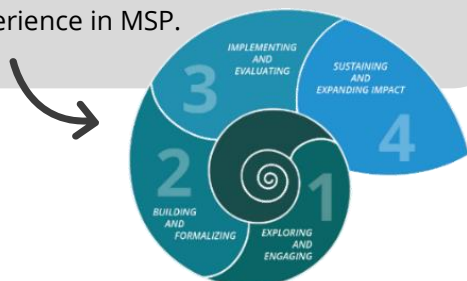

Formats for gaining general knowledge and overview of the methodologies:

- **Basic & Advanced Trainings** (3 days with 5 hours each day) providing a profound methodological and practical overview on planning and implementing MSPs.
- **Focus sessions** (2 hours) providing a general overview of an MSP topic.

Formats for ongoing MSP projects only (it is required to participate as a team)

- **Thematic learning days** (1 day) targeting practical MSP topics and competencies.
- **Tailored trainings on MSP project planning** (3 days) for individual MSP projects (upon request with bengo).

All formats are based on the **©Dialogic Change Model** – a 4-phase process methodology for building successful multi-stakeholder partnerships, which is developed by CLI and derived from long-standing experience in MSP.

MSP Basic Training

3 days online | Language: English

Next upcoming Basic Training: 27. + 28. + 29.02.2024

For whom: MSP practitioners who have little experience in multi-stakeholder partnerships (MSPs), but plan to prepare and implement a MSP project and apply for funding.

What will you learn?

- Requirements for an MSP project
- Getting to know the ©Dialogic Change Model (focus on Phase 1 + 2) as a process model for MSPs.
- Analysing your stakeholder system
- Developing successful engagement processes with key stakeholders and building a container for change
- Designing roadmaps towards successful collaborative stakeholder events

MSP Advanced Training

3 days online | English

will be available again after May 2024

For whom: Civil society actors who have participated in the Basic Training, have experience in MSPs and have a foundational knowledge of partnership approaches and the Dialogic Change Model.

What will you learn?

- Advanced understanding of Phase 2 and 3 of the Dialogic Change Model
- Developing structures for successful MSPs
- Conducting process monitoring in MSPs
- Improving process designs for MSP implementation

! Important to know for MSP basic and advanced trainings: Participation requires filling in a detailed pre-questionnaire. We recommend participation in small teams of your MSP project and bring in your MSP project as a case for applying the methodologies. The interactive format requires your full presence and active participation.

MSP Thematic Learning Days

1 day – Online

Languages: English, French, Spanish

For whom: MSP project teams who are already implementing an MSP project (participation as a MSP project team is required) and have already foundational knowledge of partnership approaches as well as the Dialogic Change Model.

What & how? The thematic learning days target MSP specific skills and tools for planning and implementation. MSP project teams jointly improve their common understanding of a specific topic and directly apply the learned methods and tools on their MSP project. Therefore, it is required to participate as a team and bring in your MSP project as a case for applying the methodologies. The interactive format requires your full presence and active participation.

Upcoming Thematic Learning Days in 2024

- **Facilitation skills (17.01.):** Acquiring skills in facilitating dialogue between diverse set of stakeholders with different perspectives and interests.
- **Process Monitoring (06.02.):** Using the collaboration catalysts for keeping track of quality of process architectures and ensuring system's aliveness throughout the process. Establishing a learning culture.

More Thematic Learning Days will be offered based on your needs! Therefore, please fill in the [survey to indicate the most relevant topics for your ongoing MSP project!](#)

The dates and topics will then be determined based on your needs. Here's an overview of potential topics (English, French and Spanish possible):

- *Designing Visioning Processes*
- *Theory of Change Development for your MSP project*
- *Process architectures and milestones*
- *Collaboration quality check*
- *Process guidance on MSP networks (How to manage MSPs involving several countries)*

MSP Focus Sessions

2 hours – Online

Languages: English

For whom: Civil society actors who are planning or are already implementing an MSP project and want to reflect upon and deepen MSP specific issues.

What & how? In 2-hour sessions one specific MSP issue will be focused on getting a general introduction, exchange different perspectives and share successful approaches on the matter.

Upcoming Focus Sessions in 2024 (more to come!

- **Networking of MSPs (22.02.):** How to connect different MSPs with each other to create synergies.

About the Collective Leadership Institute

The [Collective Leadership Institute](#) (CLI) was founded in 2005 and is an independent and internationally active NGO based in Potsdam (Germany) and Cape Town (South Africa). We support actors from civil society, the public sector and the private sector in developing and implementing participatory change processes with innovative and sustainable solutions to global and local challenges. To this end, we offer various training programs based on methods and models that have been tested in practice. We are also involved in international projects that accompany stakeholders in building strong partnerships for sustainable development, often in forms of multi-stakeholder partnerships.
